

Elect Stephanie Bauer Ward 14 Alderwoman

Promoting a Safe Fair Haven

- I will support initiatives to put more police officers on our streets
- I will constructively engage existing neighborhood associations and block watches, and will make myself available to those who seek to create new ones
- I will continue Erin Sturgis-Pascale's important work on traffic calming efforts in Fair Haven

Keeping Fair Haven Vibrant

- I strongly support the ROOF (Real Options, Overcoming Foreclosure) Program, which has done great work to ease the impact of the foreclosure crisis throughout the city and especially in Fair Haven.
- I will work to help Grand Avenue reach its potential as a thriving economic corridor

Creating Opportunities for Youth

- Today's youth need a quality education to compete in the global economy. I will support meaningful education reform that closes the achievement gap between white and minority students
